MEMORANDUM FOR: Assistant for Plans and Development, NPIC

X1 SUBJECT : Proposed []

1. Confirming comments made at the meeting held on Tuesday, 19 February 1963 to discuss the [] proposal, CSD expressed concern at the broad category "data handling" under technical areas of investigation. While CSD agrees [] is unsurpassed in photographic technology, it has some doubts about their capabilities in computer, library and data management technology. NPIC already has available the services of [] consultants who are providing advice regarding NPIC's data handling problems. That [] could contribute significantly to this effort appears questionable. 25X

2. CSD requests the privilege of reviewing and commenting on detailed terms of reference for any data handling projects which [] undertakes. CSD would also like to have a list of [] personnel who would work on the data handling category and would want the privilege of commenting on their competence as related to CSD problems. 25X

3. The CSD monitors for the proposed [] contract will be [] until such time as specific projects are defined and assigned to the specific individuals directly concerned. All matters involving CSD and the proposed [] contract should be directed to [] 25X

MEMORANDUM FOR: ALL NPIC Division and Staff Chiefs
and
Military Senior Intelligence Officers

SUBJECT: [] Proposal

The attached proposal was prepared for NPIC []
They propose to provide up to 25 man-years of effort in support
of NPIC exploitation requirements. This level involves an esti-
mated cost of [] and contemplates a program of 16 months
duration. Since it shows a definite possibility of affecting all
components of NPIC and would have a significant effect on NPIC's
total development program, it is requested that you review it
carefully. [] has asked that a meeting of all concerned be
held at 10:30 Tuesday morning, 19 February, for the purpose of
discussing its implications. Please be fully prepared at that
time to voice your questions and comments concerning the proposal.
After the NPIC meeting a session will be scheduled with repre-
sentatives of the contractor. Your prompt attention to this will
be appreciated.
